

BISHOP DENNY TO TRACTION STRIKERS PRESIDE AGAIN AT ARRESTED FOR PLAN N. ALA. CONFERENCE TO KILL OFFICIALS

METHODIST MINISTERS TO BE
ASSIGNED STATIONS AT MEET-
ING OF NOVEMBER FIRST.

The North Alabama conference of the M. E. church, south, will meet in Bessemer on Nov. 1. Bishop Collins Denny, L. L. D., Richmond, Va., will preside. Bishop Denny has the distinction of being the only bishop to preside over the North Alabama conference three successive years.

The conference is divided into 12 districts, of which the Decatur district is one of the most important.

In the conference there are 101,389 members of the church; 278 pastoral charges, and 290 preachers in charge of districts, stations, circuits or missions.

In the Decatur district there are 23 pastoral charges, covering Morgan, Lawrence, Limestone and parts of Cullman and Madison counties. In addition to the clerical members, there are four lay members from each presiding elder's district. The lay delegates from the Decatur district are: A. G. Patterson, Dr. W. L. Dinmore, Hon. Frank Troup and M. Pattillo.

At this meeting the constitutional question of an increased lay representation at annual conference will be voted on as to whether the district lay leader shall hereafter be an ex-officio member of the annual conference.

It is four weeks until this important ecclesiastical gathering. The pastors and stewards are busy winding up the year's work and striving for good reports.

In Morgan county there are 29 Methodist churches in the Decatur district. The prospect is bright for perfect reports.

The almost unprecedented price of cotton and all other products of the farm, the righteousness of the cause, the loyalty of the people and faith in God and the church are sufficient guarantee of success. There are over 8,000 Methodists, 70 churches and about 400 stewards in the Decatur district. Some of the churches have already met all the claims and many others have pledged so to do. Many of the churches have been blessed with gracious revivals, and hundreds have been added to the church.

The annual conference at Bessemer will reach its climax of interest when just before adjournment Bishop Denny gives his marching orders to 290 preachers.

CONSPIRACY AGAINST SHONTS
AND HADLEY OF INTERBOR-
OUGH CHARGED BY POLICE.

(International News Service.)

New York, Oct. 6.—Oscar Wallace and John J. Sheehan, traction strikers, were arrested early today charged with conspiring to kill Theodore P. Shonts and Frank P. Hedley, president and vice president of the Interborough Rapid Transit Company and the New York Railways company.

According to the police, Sheehan admitted purchasing a revolver in Europe, but denied that any conspiracy existed to kill the officials.

Americans Turn Down the Mexican Plan

Scheme for Border Patrol Fails Be-
cause of Troop Withdrawal.

(International News Service.)

Atlantic City, Oct. 6.—The scheme for border patrol submitted by the Mexican commissioners has been rejected by the American commission because it insists upon the immediate withdrawal of the United States soldiers under Gen. Pershing.

This was made known today as the commissions went into joint session.

A counter proposal has been suggested by the Americans. The American commissioners will insist upon American troops remaining in Mexico so long as the menace of raids by Villa bandits exists.

The Mexicans are going to New York tonight to confer with money interests there and will probably attempt to negotiate a loan.

GOETHALS HEADS THE 8-HOUR BOARD

FIRST MEETING TO BE HELD SOON
—CLARK ALREADY BEING
ON JOB.

(International News Service.)

Washington, Oct. 6.—The new 8-hour commission, when the members meet here for formal organization, will first turn to Chicago and the Middle West in their investigation of railway pay and hours of labor.

It is considered that the big railroads with terminals in Chicago more nearly typify conditions throughout the country than do the railroads branching out from any other city.

Formal organization of the commission will be made shortly. Commissioner Clark is already in Washington. Maj. Gen. Goethals, who is to be chairman and George F. Rublee, of the federal trade commission, will be ready in a few days.

STREET CAR AXLE BENT IN AUTO COLLISION IS SHOWN IN COURT

The second day of the trial of the damage suit of the North Alabama Traction Company against J. R. White for knocking a street car off the track last November with his Studebaker Six touring car was begun this morning in the Morgan county law and equity court. The case may be completed today.

The principal witness today for the street car company was W. R. Speer, superintendent of the local system. His testimony was enlivened by the appearance in the courtroom of four burly negroes who bore the big axle of the street car which was bent by the impact of the collision. The axle weighs 300 pounds and is four inches in diameter, six feet long and is made of the best quality of steel. It was slightly bent by the impact. The axle was viewed by the jury with wonderment.

Mr. Speer also testified that the springs of the car were damaged as

JAPAN TO ENDORSE OPEN DOOR POLICY OF UNITED STATES

NEW CABINET UNFAVORABLY
COMMENTED ON HERE, PLANS
TO MAKE CONCESSIONS.

(International News Service.)

Washington, Oct. 6.—Japan intends to make concessions to public sentiment in the United States, according to cable information reaching high diplomatic sources today.

Within a short time the new cabinet will issue a statement of intentions, which officials here say will be of a most conciliatory character. It will defend the aggressive action heretofore taken in China on the ground that it was necessary owing to the failure of the Chinese government to rule certain provinces with a strong hand, but will insist that the open door policy to which the United States is pledged will be rigidly adhered to.

The action is due to a realization by the Japanese officials that the appointment of Field Marshal Count Terauchi as premier has caused unfavorable comment in this country.

KAISER WILL ASK PRESIDENT WILSON TO TRY FOR PEACE

(International News Service.)

New York, Oct. 6.—Germany has definitely decided to apply to President Wilson to use his best offices in suing for peace with the allies.

This was learned today from sources in a position to have trustworthy information on these matters.

It is understood among these circles that Ambassador Gerard is on his way to the United States now to lay the Kaiser's request before President Wilson. The New York papers are commenting vaguely on the matter here today.

Fair and Warmer

Is Weather Prediction for Alluring
Albany and Delightful Decatur.

With frosts in Tennessee and Kentucky, freezing weather in the Pan Handle of Texas, snow in several of the northern and northwestern states and generally cold and unpleasant weather all around Alabama, the cities of delightful Decatur and alluring Albany continue to enjoy pleasant fall weather. The nights for the past several weeks have been as rare as a night in June, the moon shining brightly.

The weather prediction for the Twin Cities for today and tomorrow is fair and warmer. The highest temperature recorded at the government weather bureau yesterday was 89 degrees and the lowest 59 degrees.

The lowest temperature recorded since the advent of fall weather has been forty degrees.

IN MEMORIAM.

The passing of men from the busy scenes of life is at all times saddening even though the sorrow extends to a small circle of friends or relatives, but when a man who has won an honorable reputation in the religious, fraternal and social life of the community falls in the march, the sorrow and sadness of a large circle of friends, neighbors and fraternal associates makes itself felt, and DeMolay Commandery No. 14, Knights Templar records with sorrow the death of our dear brother, Sir Knight Monroe L. Hardage.

In the passing of Sir Knight Hardage this community lost one of its most prominent and most useful citizens. For many years he was closely identified with the business interests of the city and with its growth and advancement, and his contributions to these ends were by no means small. Of a modest and retiring disposition, one who did what he did in a quiet, unostentatious way, he did not in any manner seek notoriety nor the plaudits of those about him, but his aim was to do the good he could for the community and let the results speak for themselves. In his dealings with his fellow men his course was always upright and honorable. No one who knew him doubted in the least that he was actuated by the highest motives of honesty and integrity, and his loyalty to his friends and his home town was so unmistakable as to be unquestioned.

In his business undertakings his success was quite marked and it was due to the close attention he gave to them, to his fairness and honorableness in dealing and to his exceptionally fine business acumen.

While at no time did Sir Knight Hardage seek to be a leader in the advancement and upbuilding of the city and the community, those who knew him best—who were more intimately associated with him—were always aware of the fact that he felt a very deep interest in these things, and they also knew that he was very liberal in all things that he deemed worthy and meritorious. And in his quiet way he contributed largely to the public good.

While his loyalty to his friends was such as to challenge the admiration of all, his home life was most beautiful. It was one of complete devotion. He was a loving husband and an affectionate, indulgent father.

In his death this community has indeed lost one of her best and most useful citizens.

River Reaches Low Level of 1.7 Feet

FIRST BIG CORPORATION FOL-
LOWS WISHES OF VOTERS AT
RECENT CITY ELECTION.

The Louisville & Nashville railroad at 1 o'clock today formally announced that the name of the station at New Decatur has been changed to Albany.

Announcement of the change by the railroad's officials to conform with the vote of the people of the city was made by Agent Jackson of the local passenger depot.

The Louisville & Nashville is the largest corporation to change the name of its office here. The Western Union Telegraph Company and several other large corporations are waiting on the post-office department to change the name of the local office and they will follow.

PEACE WILL BE WILSON KEYNOTE

PRESIDENT LIKES RECEPTION
GIVEN HIS UTTERANCES AT
OMAHA.

(International News Service.)

Clinton, Iowa, Oct. 6.—Peace probably will be made the keynote of President Wilson's speeches from now on until the election.

Both the president and the advisers who made this western trip with him were immensely pleased today over the manner in which his peace utterances at Omaha were received.

He has been strongly advised to impress the necessity for peace in future speeches.

The "hyphenates" are also to come in for more severe arraignment at the hands of the president, according to well informed sources.

Sale of Butter Made at Fifty Cents Pound

Butter is butter, and "Better Butter," the kind sold by the Decatur Ice Cream Company, is butter, too, though it couldn't be any better. For instance, Masager Clapton last night made a shipment of the toothsome product at 50 cents per pound. This is above the local market, but the company refused to make the shipment at the regular quotations, desiring to hold the product for the local trade. The customer said rush it regardless of the price.

Fifty cent butter is predicted by Mr. Clapton as one of the possibilities of the Christmas season. High price of feed stuffs is sending the commodity skyward.

BULGAR TROOPS RETREAT ON STRUMA, PARIS CLAIMS (International News Service.)

Paris, Oct. 6.—The Bulgarian troops on the Struma river front in Greek Macedonia have begun a retreat, the war office announced today.

FATE OF WAR NOW DEPENDS ON BIG BATTLES IN BALKANS

Great Conflicts Rage on Front of 500 Miles in
Width.

BULGARIAN WINGS ARE BEING POUNDED

Roumanian Armies Reported Routed and Re-
treating Across Danube.

London, Oct. 6.—Balkan battles upon which the ultimate fate of the war may depend are raging today on fronts that aggregate a width of nearly 500 miles.

Bulgarian armies are being pounded on the north and south by the British, French, Russian, Italians, Serbians and Roumanians. The fate of the Roumanian army that invaded Bulgaria still is much in doubt.

According to Sofia, it was completely routed and practically annihilated. Bucharest says that the Roumanians were compelled to retreat across the Danube. This is borne out by the German war office which does not claim the Roumanians were wiped out.

However, reports indicate that the battle was of furious character and the losses are believed to have been heavy on both sides.

In battles the past week in Greek Macedonia the French and British have both inflicted defeats upon the Bulgarians. Servian troops are within sight of Monastir. On the western end of the Macedonian front the Bulgarians have been forced out of Greece and fighting is proceeding upon Servian soil.

In the Dobruja arena the operations of Von Mackensen appear to have been halted by the Russo-Roumanian army.

BALKAN OPERATIONS NOW OVERSHADOW ALL OTHERS (International News Service.)

London, Oct. 6.—Important developments have taken place in the Balkan theatre of war during the past 24 hours, overshadowing operations in all other zones of fighting.

The Bulgarian army facing the British in Macedonia is in retreat, which may compel a realignment of their forces all the way along the Stramba river.

However, conflicting reports were issued by the British and Bulgarian war offices on these operations.

The British announced the capture of the Greek town of Nevotlen, while Sofia claimed that the British drive in that direction had failed.

The Bulgarian war office also stated that all of the Roumanian troops that invaded Bulgaria have retired across the Danube to their own territory.

Violent conflicts are in progress on the disorder of the street car strikes.

The correspondent of the Berlin Lokal Anzeiger on the western front described the fighting in Volhynia as rivaling the battles on the Somme front for fierceness. At one point the Russians had 1,000 cannon massed.

For the first time in many months there has been a renewal of fighting on the western front outside of the sectors of the Somme and Verdun. The British, using gas, attacked the German positions near Loos, while numerous trench raids were carried out. In the Verdun sector, where there has been a lull, gigantic artillery actions have developed.

While Fighting one Fire Firemen Find Another

Decatur Department Does Splendid
Work at Early Morning Hour.

It isn't every fire department that can handle two fires at a time. Yet this is the record of the Decatur department, which early this morning tackled a couple of conflagrations, one of which it discovered for itself before the alarm had been turned in. The first alarm at 3:30 o'clock caused the department to hurry to Bank and Market streets, where a small unoccupied house said to have been owned by Mrs. F. T. Baker was saved from destruction by fast work. A few minutes later the firemen sighted a blaze at the home of John Pinkle, Vine and McCartney streets, and made a dash for it. The two story frame residence was badly damaged.

The vigor with which the dual fires was fought won the fire ladders the commendation of such citizens as were awake at the early hour.

This morning at 11 o'clock the department was called back to the Baker residence, which had again begun to blaze. The chemicals extinguished the fire, no damage being done.

When the alarm for the second fire was turned in last night, the department was out, and the Albany department was called. They responded, but when they arrived the Decatur firemen had already sighted the fire and had arrived on the scene and laid hose.

HANDSOME AND EXTENSIVE DISPLAY AND SALES ROOMS

The display rooms of the Malone Coal, Grain and Motor Co., on Second avenue, in appointment is the most complete thing of its kind ever erected here. Every facility is being put into this establishment that tends to convenience of customers and advantage in handling this extensive and rapidly growing business. Nothing has apparently been overlooked. Light, air, gasoline, water are supplied in the most approved ways, convenience and rapid handling of large business thus being guaranteed. With the Overland, Chevrolet and Cadillac automobiles carried in stock and accessories, the Malone company is doing a business that must be most gratifying to the owners. Coal and grain are carried by this concern in large quantities and kinds and in these lines, too, prompt attention and the best brands on the market are offered to customers.

FRENCH FIGHTING NOW EXTENDING BEYOND SOMME (International News Service.)

London, Oct. 6.—Fighting in France now is extending beyond the Somme and Verdun areas, to which it has practically been confined during the past six months. The war office today announced a gas attack east of Loos and fighting east of Arras.

THE L. & N'S GREAT SHOWING.

The annual report to the stockholders made at Louisville this week by President Milton H. Smith of the Louisville & Nashville railroad, although it consisted of dry figures, was one of the liveliest bits of news that has ever emanated from railroad circles. It showed that during the past year the road had earned dividends of 20 per cent on its capital stock, an amount rarely ever equalled for an investment of this kind. The report proved that the road has been ably managed; that it traverses a prosperous territory, and that it is not over-capitalized.

The report has a local significance. The L. & N. shops are located here, and their welfare is a matter of deep concern to almost every inhabitant. With the road earning dividends, its rolling stock taxed to capacity to handle the freight and passenger traffic, nothing but a rosy outlook for the future of Albany-Decatur is in sight. Already working on practically full time, the shops can be expected to continue their industrial activity for an indeterminate period, thus guaranteeing these cities against industrial stagnation and commercial disaster.

President Smith is to be congratulated on the showing that he has made. The nation-at-large must be pleased to know that at least one railroad will not be threatened with bankruptcy by the application of the Federal law. It is especially gratifying to reflect that a road that has a vast mileage in the South is paying handsome dividends at the end of a democratic administration, regardless of the fact that most of the war orders have gone to the manufacturers of the North. Dixieland, in the face of a short cotton crop, is doing business on a larger scale than ever before, and there is no cloud upon the financial horizon.

The L. & N. is a great railroad system and its prosperity means a further development of railroad facilities in this section. May it continue to thrive.

MR. O'LEARY'S SUIT.

Jeremiah A. O'Leary, president of the American "Truth" Society, has gone into the courts to "find out first whether hyphenism, so-called, is libelous, and, second, whether it is inconsistent with Americanism." He expects to bring the issue to a test by a suit for \$50,000 damages which he had filed against Vance McCormick, chairman of the democratic national committee.

Mr. O'Leary's investigation will be interesting only from a legal standpoint. So far as public sentiment and common sense is concerned there is no room for doubt as to hyphenism, in its generally accepted application, being "inconsistent with Americanism."

"Only 'Gets-It' for 'Me After This!'"

It "Gets" Every Corn Every Time. Painless. Nothing More Simple.

"I'll tell you what, I've quit using toe-cutting knives for corns. I've quit making a package out of my toes with bandages and contraptions—quit digging with knives and scalpels. Give me 'GETS-IT' every time!"

When You See These Pretty Girls in Your Drugstore's Window It's a Good Time To End Your Corns.

That's what they all say the very first time they use "GETS-IT." It's because "GETS-IT" is so simple and easy to use—put it on in a few seconds—because there is no work or corn-fooling to do. No pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, after it has peeled right off, leaves the clean, corn-free skin underneath—and your corn is gone. No wonder millions prefer "GETS-IT" to any other corn remedy.

"GETS-IT" is sold and recommended by druggists everywhere. 25¢ a bottle or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

ism." The two terms are as antagonistic as the allies and the Teutons. One fights for America, the other against it. Only a very plausible attorney-at-law would attempt to argue that there is any consistency between black and white—the black of disloyalty to native land, the white of allegiance to the country in which we reside.

Whether or not hyphenism, "so-called" is libelous the courts must say. The average layman will not be easily convinced that a genuine hyphen can be maligned by making that fact known. To dub a loyal American citizen as a "hyphen" would certainly be libelous; to thus term one of those ingrates who sap a livelihood from the United States, but work against its interests is no more a legal offense than to call the man who steals a thief.

The O'Leary suit was, of course, filed for political purposes. It misses its mark. The nation still wants to know whether Mr. Candidate Hughes endorses the declaration of President Wilson that he would be "mortified to have any disloyal American vote for me."

HUGHES' SECRET ENDORSEMENT.

The executive committee of the German Alliance meeting at Columbus, Ohio, last Monday night adopted resolutions in secret, after deciding that it would be poor policy to take any stand on the matter formally, pledging the cordial support of the German sympathizers of Ohio to the Hughes and Herrick ticket and expressing hostility toward Wilson and Pomeroy.

Just why the Alliance should choose to endorse Hughes in secret is one of the mysteries of the campaign. Is it possible that they realized that the open support of hyphenates would hurt the cause of Hughes? Some explanation of the matter would be interesting.

We had not known before that these German alliances and other bodies of foreign-born citizens banded together for political purposes. We have no doubts about the matter now since the action of the Ohio Germans. They are attempting deliberately to elect a president who is in open sympathy with their cause over a president who is neutral and who would not, except to save the country's honor, plunge us into war.

The Daily does not want a president who is endorsed by the Germans, the French, the English, the Italians or the inhabitants of Timbuctoo. We are mighty anxious that we have a president who is endorsed by the American people.

The president of the United States Steel Corporation, on returning from Japan, stated that the Nipponese are paying attention only to industrial development. They are making money out of the war. It is scarcely likely that the two money-making Yankee nations will ever fly at each other's throats. There is no "yellow peril" except that of the almighty dollar.

Just as a matter of mere curiosity, we would like to know what position Roosevelt would occupy in the Hughes regime should the be-whiskered representative of plutocracy by any chance be elected president. Or to state it differently, would Mr. Hughes have any voice in the government whatsoever.

And now our old friend J. Asa Rountree, of Birmingham, breaks out with a suggestion that the Memphis-Birmingham-Atlanta highway must be named at once. He suggests Bankhead, John B. Gordon, Joe Wheeler and Woodrow Wilson. Why not name it Rountree highway and let it go at that?

There's a difference in printers. Our job department is in charge of a man of exceptional taste and wide experience. The Daily.

Hughes says that the eight-hour day is impracticable. Henry Ford answers that his employees all work on the eight-hour system, and the Ford factories declare dividends. A clincher, isn't it?

Dynamite Placed Under Two Atlanta Street Cars

(International News Service.)

Atlanta, Ga., Oct. 6.—The most serious disorder of the street car strike here occurred today when the dynamite placed on the track wrecked a Woodward avenue and a Stewart avenue car.

The Stewart avenue car was stopped barely in time to prevent running over a stick of the explosive.

Passengers and crew on the Woodward avenue car miraculously escaped injury. Windows of the car were all broken out by the explosion.

Assistant Chief Jett declared that it was his belief that strike sympathizers and not union men placed the dynamite.

Six Blackmailers are Now Under Indictment

(International News Service.)

New York, Oct. 6.—Six alleged members of the "million dollar blackmail syndicate" were indicted today by the federal grand jury here. Warrants were issued for their immediate arrest.

Those indicted are William Butler, of Philadelphia, alleged "brains" of the syndicate; Buda Godman, alias Alice Williams, a beautiful young woman now under arrest in Chicago, charged with having been the lure for the blackmailers' victims; Homer T. French and James Christian, now in the Cook county jail, Chicago; and two others whose names are withheld at this time. The indictments charged conspiracy and impersonating federal officers.

PROCLAMATION BY THE GOVERNOR

WHEREAS, the Legislature of Alabama at its regular session in the year of 1915 proposed certain amendments to the Constitution of the State of Alabama, which said proposed amendments are hereinafter set forth;

And whereas, it is required by law that the proposed amendments shall be submitted to an election by the qualified electors of the State to be held at the general election succeeding the session of the Legislature at which the amendments were proposed;

And whereas, notice of such election together with the proposed amendments is required by law to be given by proclamation of the Governor;

Now, Therefore, I, Charles Henderson, Governor of the State of Alabama, do hereby give notice, direct and proclaim that the proposed amendments will be submitted to an election, by the qualified voters of the State, to be held at the general election next succeeding the session of the Legislature at which said amendments were proposed, to-wit: On the first Tuesday after the first Monday in November, 1916, to vote in the manner, form and place required by law upon the proposed amendments to the Constitution of the State of Alabama, which are as follows:

Proposed Amendment No. 1.
Article XIX, Section 1. The several counties in the State shall have power to levy and collect a special county tax not exceeding thirty cents on each one hundred dollars worth taxable property in such counties in addition to that now authorized or that may hereafter be authorized for public school purposes, and in addition to that now authorized under Section 260 of Article XIV of the Constitution; provided, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the county, and voted for by a majority of those voting at such election.

Sec. 2. The several school districts of any county in the State shall have power to levy and collect a special district tax not exceeding thirty cents on each one hundred dollars worth of taxable property in such district for public school purposes; provided, that a school district under the meaning of this section shall include incorporated cities or towns, or any school district of which an incorporated city or town is a part, or such other school district now existing or hereafter formed, as may be approved by the County Board of Education; provided, further, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the district and voted for by a majority of those voting at such election; provided further, that no district tax shall be voted or collected except in such counties as are levying and collecting not less than a three-mill special county school tax.

Sec. 3. The funds arising from the special county school tax levied and collected by any county shall be apportioned and expended as the law may direct, and the funds arising from the special school tax levied in any district which votes the same independently of the county shall be expended for the exclusive benefit of the district, as the law may direct.

Proposed Amendment No. 2.
Commencing at the beginning of their next term of office, subsequent to the general election to be held on the first Tuesday after the first Monday of November, 1916, the compensation and allowance of the following named county officers of Montgomery County shall be as follows: Salary of judge of probate of Montgomery county \$5,000.00 per year net; allowance of \$5,000.00 per annum for office expenses as follows: One clerk at \$1,000.00 per annum; two clerks at \$1,000.00 per annum each; one clerk at \$800.00 per annum; and \$1,200.00 per annum for all other expenses, including extra clerks. The said \$1,200.00 to be paid to the judge of probate in monthly installments and disbursed by him. The tax collector of Montgomery county shall receive a salary of \$4,000.00 per year net; allowance of \$1,500.00 per year for his clerk in said office and \$1,000.00 for extra help. The tax assessor of Montgomery county shall receive a salary of \$4,000.00 per year net; allowance of \$1,500.00 per year for a chief clerk in said office; \$900.00 for an assistant clerk in said office and \$600 per year for extra help. The Sheriff of Montgomery county shall receive a salary of \$4,000.00 per year net; allowance of \$1,380.00 per year for a chief deputy; \$2,200.00 per year for two deputies in said office, and \$1,900.00 for extra assistance. These amounts to be paid out of the county treasury of Montgomery County. This shall not interfere with the amounts now or hereafter allowed the Sheriff for guards at the county jail or balliffs for courts, nor with the provisions for feeding prisoners. The Sheriff shall receive amounts now provided by law, and shall cover the same into the county treasury of Montgomery county, and the Board of Revenue of Montgomery County shall pay out of the County Treasury of Montgomery County the expenses incurred by the Sheriff in feeding said prisoners. The above named amounts shall be in lieu of all compensations and allowances to the respective named officers. These amounts shall be paid out of the County Treasury of Montgomery County as the salaries of other county officers are paid.

The above named officers shall collect the fees herebefore collected by them and shall cover such fees into the County Treasury on the first Monday of each month. The Board of Revenue of Montgomery County shall provide said officers with necessary quarters, books, stationery and other conveniences. The Legislature of Alabama may hereafter from time to time by local or general laws, fix, regulate and alter the amount of the above named salaries and allowances, including the method and basis of their compensation, also fix, regulate and alter amount of compensation received by all other County officers of said County.

Proposed Amendment No. 3.
The Constitution of Alabama be and the same is hereby amended by repealing and striking out of the Constitution section 250 of article 13 of the Constitution, which section is as follows: "Holders of bank notes, and depositors who have not stipulated for interest, shall, for such notes and deposits, be entitled in case of insolvency, to preference of payment over all other creditors; provided, this section shall apply to all banks, whether incorporated or not."

Proposed Amendment No. 4.
The City of Selma, in addition to the taxes it is now authorized and empowered to levy and collect, shall levy and collect annually an additional tax of two-tenths of one per centum upon the value of the property therein as fixed for State taxation, to be applied exclusively to the maintenance of public schools therein, and shall levy and collect annually a further additional tax of one-tenth of one per centum upon the value of the property therein as fixed for State taxation, to be applied exclusively to public school buildings therein and improvements and repairs thereon; or to the payment of indebtedness contracted for the same by the City of Selma, or to the maintenance of public schools therein or to any one or more of these purposes; provided, that these taxes shall be in lieu of all other city taxes now required to be levied or appropriated by the City of Selma for the support of schools or for school purposes.

Proposed Amendment No. 5.
Sec. 48. The Legislature shall meet biennially at the capitol, in the Senate chamber and in the hall of the House of Representatives, on the second Tuesday in January, 1919, next succeeding their election, and every two years thereafter, or on such other day as may be prescribed by law; and shall not remain in session longer than fifty days. If at any time it should, from any cause, become impossible or dangerous for the Legislature to meet, or remain at the capitol, or for the Senate to meet or remain in the hall of the House of Representatives, the Governor may convene the Legislature, or remove it after it has convened, to some other place, or may designate some other place for the sitting of the respective Houses, or either of them, as necessity may require.

Proposed Amendment No. 6.
An amendment to the Constitution of the State authorizing cities, towns, and villages, and other municipalities other than the cities of Birmingham and Montgomery, Decatur, New Decatur and all municipalities located within the counties of Geneva, Pickens, Sumter, Baldwin, Dale, Escambia, Monroe, Henry, Houston, Marengo, Wilcox, Talladega, DeKalb, Jackson and Marshall, to levy and collect annually a tax for the general purposes not exceeding one-half of one per centum of the value of the property therein assessed for State taxation during the current year in addition to the taxation permitted by section 216 of the Constitution of 1901, when authorized so to do by the qualified voters thereof; Section 1. Be it enacted by the Legislature of Alabama that the following amendment to the Constitution is hereby proposed to be submitted to the qualified voters of Alabama for their consideration, as hereinafter set forth, viz: Cities, towns, villages and other municipal corporations, other than the cities of Birmingham and Montgomery, Decatur, New Decatur, and all municipalities located within the counties of Geneva, Pickens, Sumter, Baldwin, Dale, Escambia, Monroe, Henry, Houston, Marengo, Wilcox, Talladega, DeKalb, Jackson and Marshall, are authorized to levy and collect annually a tax for general purposes not exceeding one-half of one per centum of the value of the property situated therein as assessed for State taxation during the current year in addition to the taxation permitted by section 216 of the Constitution of 1901; provided, such additional tax shall not be levied in any city, town or village, unless authorized by a majority vote of the qualified electors voting at a special election held for the purpose of ascertaining whether or not said additional tax shall be levied; provided further, that the governing boards of said cities, towns and villages are hereby authorized to provide by ordinance the necessary machinery for the holding of said election and declaring the result thereof; and may submit the same to an election not more than once each fiscal year until the maximum be reached.

There shall be and there is hereby an election ordered to be held by the qualified electors of the State of Alabama on the day of the general election in November, 1916, to-wit: On the first Tuesday after the first Monday in November, 1916, to vote on these proposed amendments to the Constitution of the State of Alabama.

In witness whereof, I, Charles Henderson, Governor, have hereunto set my hand and caused the great seal of the State of Alabama to be affixed at the Capitol in the City of Montgomery, on this 12th day of August, 1916.

CHARLES HENDERSON, Governor.
JOHN PURIFOY, Secretary of State.

Plot to Kill Targore, Hindu Poet Fonn

FAMOUS PERSONAGE CANCELS SPEAKING DATES IN WEST.

(International News Service.)

San Francisco, Oct. 6.—Extraordinary precautions are being taken by the police today to guard Sir Rabindranath Tagore, Hindu poet and Nobel prize winner, following discovery of an alleged plot to assassinate him. As a result Tagore has cancelled some of his speaking engagements in California.

Prof. Bishen Singh, a venerable Hindu, who came from Stockton to see Tagore, was assaulted in the streets by other Hindus. It was said Singh was seeking to induce Tagore to refrain from his pro-British utterances regarding India.

BARNETT-LILE.

At a bridge luncheon being given this afternoon by Miss Marjorie Miller, the engagement and approaching marriage of Miss Louisa Glenn Lile, daughter of Mr. and Mrs. Henry T. Lile, of Trinity, to Mr. Ernest H. Barnett, of Atlanta, Ga., was announced. The wedding will be solemnized at the Trinity Methodist church on October 25.

WOMAN'S O. A. B. C. FEDERATION.

A program of great interest was carried out at the O. A. B. C. Federation held at the First Presbyterian church Thursday afternoon. Following this a social hour was enjoyed, during which the Mathews Bible class was hostess. Afterwards the election of officers was held, when Mrs. J. E. Blair was made president; Mrs. H. M. Lund, vice president; Mrs. T. G. Hughes, secretary; Mrs. Sam Malone, treasurer.

AUCTION BRIDGE CLUB.

The first meeting of the Auction Bridge club was held Thursday afternoon with Mrs. Charles Eyster. In the game Mrs. H. H. Hitt won the prize, a card table, the souvenir the club plays for this year. Light refreshments were served.

HOBBS COSMOS.

The approach to Athens on the highway several miles out is a bouquet of flowering cosmos. One can but be impressed with the truly aesthetic taste of Mr. Macklyn Hobbs, of Athens, who, to help in civic improvement, went to the trouble to plant the seed. The result is a beautiful landscape and a harvest of appreciation for this thoughtful activity.

D. A. R.

The D. A. R. met yesterday afternoon with Mrs. W. C. Bailey, when an interesting program was given. A paper by Mrs. John D. Wyker on "Revolution Highways and Byways" was heard attentively, being one of much excellence, filled with historical information. Mrs. Preuit Cartwright gave an instrumental number greatly enjoyed by the members. A salad course was served, Mesdames Wilbur and E. D. Bailey and Preuit Cartwright assisting.

Miss Ouida Ewing is the guest at Nashville of Mr. and Mrs. James Ewing.

Mr. and Mrs. Frank Burton are visiting in Decatur.—Chilman Democrat.

Miss Sophia Walk and Mr. Harold Lee attended the fair at Athens yesterday.

Mr. and Mrs. J. Wilder and children left this afternoon for a visit to friends and relatives in Birmingham.

Miss Allene Adams has accepted a position at Harris Station as teacher in the school there.

PERSONALS

Leslie Robinson, of Falkville, was in the city today. He drove back this afternoon in his Ford.

Solicitor D. C. Almon returned last night from court at Athens.

J. D. Atkinson, of Lacy Springs, was in the city today.

Judge L. A. Cook, Judge Wm. E. Skeggs, W. V. Davidson and John Nelson were among those attending the Athens fair yesterday.

Riddle Ragan, of Columbia, was in the city today.

Atlee Hoff has returned from a stay of several weeks in northern states.

Rev. R. I. Walston, pastor of the Central Methodist church of Albany, and Rev. W. N. Sholl, pastor of the First Presbyterian church of Decatur will exchange pulpits at the 11 o'clock service Sunday morning, according to announcement today.

"FAIR AND WARMER" OPENS THE THEATRICAL SEASON HERE OCTOBER 19th.

One of the most brilliant and widely heralded attractions of the coming season here will be Selwyn & Company's presentation of their farce sensation, "Fair and Warmer," which made such a striking success during the year of its run at the Eltinge theatre, New York, that it has a national reputation before the end of its first six months.

Why Paint for Looks Alone?

Many property-owners paint for beauty's sake alone. Wise ones paint to preserve as well. The latter invariably use lead-and-oil paint, the kind that is made of

Dutch Boy Collier White Lead

and pure linseed oil, mixed on the job, by the painter, to exactly meet surface and weather conditions. Paint made this way of these prime materials neither cracks nor scales. It gives the utmost in appearance and protection, at the lowest cost per year. Buy of us. A complete line of painting requisites always in stock.

VACANT LOT FIRE THREATENS HOMES NEAR EIGHTH AVE.

BLAZE IN DRY GRASS IS QUICKLY PUT OUT BY FIRE DEPARTMENT OF ALBANY.

A fire in the vacant lots between Sherman street and Gordon Drive just east of Eighth avenue threatened to spread and destroy several residences of that part of Albany when checked at noon by the Albany fire department. The origin of the fire is unknown, the probable cause being either accidental or set afire by some resident of the section to burn out the dry grass and weeds.

The fire at one time threatened to destroy the residences of Lamar Penney, J. W. Cunningham, Emmet Sanders, G. M. Goodman and others in the neighborhood when the fire department was called. The blaze was running toward these houses like a prairie fire when checked by the steady stream of water played on it by the city's big hose.

He judges by flavor.

A man bases his opinion of baking on its taste. Make some biscuits of Valier's Dainty Flour and hear him say, "Finest biscuits I ever ate."

Valier's Dainty Flour is made of finest flavored wheat; milled by a special slow process, which saves all of the fine flavor; then sifted through silk to make its texture extra fine. It is quality flour and gives quality results in baking. Have your grocer send you Valier's Dainty next time you need flour.

Special Demonstration and Sale GREAT MAJESTIC RANGES

"The Range With a Reputation"

FOR ONE WEEK ONLY, COMMENCING MONDAY, OCTOBER 9TH.

Many styles and sizes, with or without legs.

During this week we will have a special demonstrator from the Majestic Factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand, isn't it.

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented" yet not be what you thought it was, nor what you wanted.

Here you can SEE every part of the Majestic—you can KNOW what you are getting BEFORE you buy. Decide NOW that you will discontinue using that old, worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

CHILDREN'S SOUVENIR DAY

Tuesday of Demonstration week 3 to 5 p. m.

125 Majestic Aeroplanes FREE FUN! FUN! FUN!

Boys and girls, old and young, you can have a world of fun with the Majestic Aeroplane. It is easily made to fly from 10 to 50 feet in the air. You will all want one. Don't fail to get yours. The first 125 boys and girls who present to the Majestic Range Salesman, at our store, between 3 and 5 p. m. on Tuesday, written answers to the following questions will receive one of these aeroplanes FREE.

1. What is the name of your mother's range and how long has it been in use?
2. Give names of any persons you know needing a new range.
3. Why is the Majestic known as the Range with a reputation?
4. What is your age?
5. When is your birthday?

\$1.00 ARTICLE FREE

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock in addition to the souvenir.

A PRIZE FOR EVERYBODY

Don't be discouraged if you are not one of the 125 to get an aeroplane. You will receive a Majestic Puzzle Card that will afford you many hours of amusement. Be sure to have your answers ready to hand in at our store, Tuesday afternoon between 3 and 5. They must be written if you wish to receive a souvenir or prize.

\$8.00 Set of Granite and Copper Ware FREE

As Special inducement during our demonstration week only, we will give with every Majestic sold one handsome set of kitchen ware. Every piece is the finest of its kind and the entire set cannot be purchased for less than \$8.00. The price of the Majestic remains the same as always and the quality of the stove is the same. This kitchen ware is an out and out present. See it at our store.

Everybody Welcome

Even though you do not want to buy a new range right now, it will be worth your while to attend this demonstration and know all about the Majestic Range. You are placed under no obligation to buy.

Keep this Date In Your Mind's Eye. Bring your Neighbor With You.

MEETING WILL BE HELD IN ALBANY ON WEDNESDAY NIGHT OCTOBER 16

The Dentists of Florence, Sheffield, Tusculum, Athens, Scottsboro, Stevenson, Hartselle, Albany, and Decatur will organize the North Alabama Dental Association in Albany Wednesday night, October 16th.

There is no profession which has progressed as much in the past few years as has the dental profession, and the dentists of north Alabama being wide awake to the fact that the greatest good can only be obtained by cooperation, and the best way for dentists to co-operate is to form permanent organization which will hold regular meetings at stated intervals where papers will be read and discussed, and clinics held; therefore all the ethical dentists of North Alabama will be here for the first meeting to assure the success of this organization.

Dentistry as practiced today is really a special branch of medicine, for the dentist has to take care of the mouth, which is the gateway to the whole human system; and physicians and surgeons today are finding that a great percent of heart trouble, rheumatism, Bright's disease and other systemic diseases originate from the pus coming from behind abscesses of the teeth or from diseased gums.

WOMEN PULL HAIR ONE TELLS WILSON SHE IS FOR HUGHES

(International News Service.)

Chicago, Oct. 6.—President Wilson's special arrived here shortly before noon today en route back to Shadow Lawn.

When the train stopped at Malta, Ill., for the engine to take water, about 15 women congregated about the president's private car.

"I like you but I am going to vote for Hughes," exclaimed one.

"You should be ashamed of yourself for saying that," replied one of the other women.

Other women also turned upon the feminine Hughes supporter. She resented the reproach, and for a time it looked as if there would be a hair pulling match.

"Ladies, ladies, it is embarrassing for me to be in the midst of this debate," said the president.

When the train pulled out the women were still engaged in the midst of a heated argument.

PRESIDENT SMITH'S ANNUAL REPORT READ TO STOCKHOLDERS AT LOUISVILLE.

ONE CHANGE IN DIRECTORATE

OVER FIVE HUNDRED MILLION PASSENGERS CARRIED ONE MILE DURING PERIOD.

(Louisville Courier-Journal.)

Stockholders of the Louisville & Nashville Railroad company attended the reading yesterday of the most glowing document ever submitted to a similar gathering in the form of the annual report of President Milton H. Smith. It showed that the road had passed through the most prosperous year in its history.

The occasion was the annual meeting of shareholders. Adoption of President Smith's report and the election of directors constituted the only business of the meeting.

Only one change was made in the directorate. It was the addition of Lyman Delano, of New York, to fill a vacancy caused by the death during the year of William J. Dickinson, who was second vice president, and who has been succeeded by E. L. Smithers.

Directors Named.

The other directors are as follows: Milton H. Smith, W. L. Mapother and L. W. Botts, Louisville; August Belmont, New York; John L. Waterbury, Morristown, N. J.; W. G. Oakman, New York; Henry Walters, New York; Warren Delano, New York; Edward W. Sheldon, New York; F. B. Adams, New York; George B. Elliott, Wilmington, N. C.; and George C. Jenkins, Baltimore.

The number of shares represented by proxy at the meeting was 504,536, while holders of 143 shares were present in person. The total number of shares outstanding is 720,000, the capitalization being \$72,000,000.

President Smith's annual report shows that the road earned nearly 20 per cent on its capital; that sinking fund operations during the year reduced the bonded indebtedness, by nearly \$2,500,000; that a corresponding increase in surplus was effected and that the gross earnings, greater than ever before, were \$60,317,992.

The annual report shows that in the fiscal year the number of passengers carried one mile was 529,426,981, as compared with 499,878,816 in the preceding year, and that earnings from passenger trains was \$14,495,223, as compared with \$13,330,910 in the previous year. The number of tons of freight handled was 25,488,688 as compared with 5,144,441,634, an increase of 26.58 per cent. Gross earnings from all sources per mile were \$11.64 as compared with \$10.245, operating expenses \$7.892 as compared with \$7.828 and net earnings \$4.071 as compared with \$2.416.

Big Mystery

Is Explained When Photographers Put in Their Appearance.

A mystery has developed here in the last several days. It caused a mild sensation and much comment until explained by the appearance of a couple of photographers with moving picture cameras. They were taking local pictures for a Second Avenue theatre and each house they went to was marked with a large letter B to avoid confusion. The B's are sprinkled liberally over the pavements of the city.

Whether the B's indicated a wholesale slaughter of the city or merely a raid by tramps was not known until the appearance of the movie men.
